What are the different types of kitchen cabinets?

Our top picks are divided into three categories: stock, semi-custom and custom. At the bottom of this guide, you'll find more information about how we selected these brands, plus expert advice for finding the perfect kitchen cabinets for your style and budget. Why trust Good Housekeeping?

Where can I buy budget-friendly kitchen cabinets?

Why we love it: Home centers are another good source of budget-friendly kitchen cabinets, both pre-assembled and flat-pack. For Home Depot shoppers, Hampton Bay is the brand we recommend, based on our extensive experience testing products from the manufacturer, from gazebos to patio heaters.

Why do we love semihandmade cabinets?

Why we love it: When Semihandmade launched in 2011, it was the big disruptor to the cabinet industry. Its then-novel approach of "hacking" IKEA cabinets enabled customers to buy just the cabinet boxes from the retailer before adding semi-custom doors, drawers, trim and hardware.

Why do we love IKEA cabinets?

Designer Anna Popov gave IKEA cabinets a custom look by filling in any gaps between the units and the adjoining walls and ceilings. Why we love it: The Swedish mass-retailer of ready-to-assemble furniture is also a one-stop shop for all your kitchen remodeling needs, including surprisingly durable and design-forward cabinets.

What Makes a Top-Tier Home Energy Storage Brand? Before we dive into our ranking list, let's break down the "secret sauce" that separates the champions from the wannabes: Battery ...
