Is Vietnam a good place to manufacture lithium-ion batteries?

Vietnam has emerged as a vibrant hub for battery manufacturing, particularly in the realm of lithium-ion batteries. With a focus on sustainable energy solutions and a favorable business environment, the country has attracted numerous manufacturers, establishing itself as a key player in the global battery market.

Where are batteries made in Vietnam?

Ho Chi Minh City, the economic powerhouse of Vietnam, hosts numerous battery manufacturers, leveraging its strategic location for logistics and access to a skilled workforce. Hanoi, the capital city, is also a significant hub for battery production, benefiting from its central location and robust infrastructure.

Which city is best for battery manufacturing in Vietnam?

Ho Chi Minh City, commonly known as Saigon, stands out as a prominent center for battery manufacturing in Vietnam. Its vibrant industrial landscape and well-established infrastructure make it an ideal location for companies seeking to establish or expand their operations.

Who makes Con O Batteries in Vietnam?

Brands such as Con O and Eagle, produced by PINACO (Dry Cell & Storage Battery JSC), dominate this segment, with Con O holding more than 50% of the national market and 80% in southern Vietnam. However, the segment is facing margin pressures and shifting consumer preference toward alkaline and rechargeable alternatives.
