As a professional manufacturer in China, produces both energy storage cabinets and battery cell in-house, ensuring full quality control across the entire production process.

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, and real-time monitoring for enhanced ...

Equipped with Communication BMS & Display: The cabinet-mounted display features a customizable mounting position (to fit different cabinet layouts); balances protection and adaptability

It is connected to the grid and can sell the energy generated by solar energy to the grid. At the same time, it also has a supporting battery that can store electrical energy in the battery for use at night or ...

Delivers 100 kW rated AC power and 232 kWh battery capacity for industrial and commercial energy needs. Designed with IP55 protection, transformer isolation, ...

Sunway 100kW/215kWh Energy Storage System is designed for businesses and utilities looking for a safe, intelligent, and efficient way to store and manage energy.

It is a unified power supply platform system that supports various AC and DC input and output formats, meeting different power input and output requirements.

This is a working principle diagram of a solar energy storage system, showing the process from solar power generation to energy storage, use and grid connection.
